

# DR. NANCY FOSTER SCHOLARSHIP PROGRAM

Photo: Matt McIntosh, NOAA

The National Oceanic and Atmospheric Administration's (NOAA) Dr. Nancy Foster Scholarship Program provides support for master's and doctoral studies in oceanography, marine biology, maritime archaeology and all other science, engineering, social science and resource management disciplines involving ocean and coastal areas, particularly by women and members of minority groups.

- Scholarship covers tuition and a living stipend
- Travel funds support a program collaboration at a national marine sanctuary field office or another NOAA office
- Training includes science communication, stewardship and how to become a national marine sanctuary ambassador
